ALLIANZ PARTNERS NAMED ONE OF TOP EMPLOYERS IN INSURANCE

Allianz Partners has been named in the Top Insurance Employers 2021 report by Insurance Business.

The report recognises the commitment demonstrated by insurance companies to being exemplary employers. Several factors informed the rankings including various aspects of workplace values, benefits and culture along with employee initiatives.

“We are thrilled to be recognised as a top employer within our industry. Whilst the impact of Covid-19 has been particularly challenging for travel insurance, the accolade reflects our ongoing commitment to creating a positive work environment and culture,” says Simone Cowper, HR Business Partner at Allianz Partners.

This year Allianz Partners has rolled out initiatives to help employee wellbeing including a volunteer day where all employees are encouraged to take a full day’s paid leave to give back to the community and the introduction of meeting-free Thursdays to help manage workloads and focus on projects uninterrupted by meetings. As part of a move to offer more flexible working arrangements across the group, New Zealand has been one of the first within Allianz Partners to introduce the Flex@Work programme.

“While we’ve undoubtedly been through a difficult time due to the pandemic, we’ve taken the time to strengthen our business and ensure we look after our people. The work we’re doing today sets us up for a stronger future and continued success in the coming years,” says Kevin Blyth CEO of Allianz Partners.
